

What the Fundraising Committee does.

The Fundraising Committee was set up to support the Co ordinator, Corinne Douglas, so that the work of organising fundraising events did not fall to one person, and to think up new ways of raising money.

The committee meets for an hour on a Saturday morning about every 6 weeks from March to October (the summer being the busiest time for various events).

We are looking for new people to join the committee to bring fresh ideas and to add to the pool of people to help, when available.

If you feel that is something you might be interested in then you are welcome to come along to a meeting before deciding.
